

The Seedling Seats are 4 front row seats that will be offered for sale at every ticketed show we do at our theatre. If you've got the Seedling Seats, you are sitting in comfort in the front row in special padded seats with arm rests and all the leg room you need. Each Seedling Seat comes with early priority entrance to the theatre, a bottle of water, and a snack from the concessions station.

Seedling Seats can be purchased anytime during the semester in person at our location. Once purchased, reservation of your seats for a particular show can be made based on a first come, first served basis. Seedling Seats may be purchased in groups of 2 or 4 only and are independent of the 2 complimentary tickets given to all students for each show. Complimentary tickets cannot be applied as credit for or Seedling Seats and hold no trade value. All sales on seats are final. Resale for profit is strictly prohibited.
