

Song Segments for your Auditions

—Use common sense when coming across parts of your song that are sung by others. Generally, you will sing all lyrics, but you may have someone from your household stand in for other characters if you wish.

—Use the vocal track to practice, but your final song audition needs to be done with the Instrumental track (both found in channels on your SLACK workspace) Please take video in a well lit, quiet area with a solid background wall. Make sure the camera is close enough to Pick up sound.

—Upload video as a DM to both your teachers on Slack OR upload to another platform and send the link to view

(Numbers indicate time signatures on the music tracks)

DONKEY'S AUDITION SONG SEGMENT:

Make A Move —0:00-1:00 on the track, plus his spoken parts from

**Gingy & All other characters:

Freak Flag —Gingy does first 0:15, everyone else do 1:13—end

**Gingy WILL BE A PUPPET on a cookie sheet and will be operated and voiced by the same actor throughout the show. However, that actor will play the Captain of the Guard (holding Gingy in the scene with Farquaad) and the Tooth Fairy (holding/operating Gingy) in the other half of the show. We need a very capable person for that role.
